Held as part of the International Conference on Science and Technology (ICST UGM 2025), the 6th Geoscience and Environmental Management Symposium is dedicated to supporting and advancing the United Nations Sustainable Development Goals (SDGs). Each accepted paper is mapped to relevant SDGs such as climate action, clean energy, responsible resource use, water and land management, and sustainable communities. Our program encourages interdisciplinary solutions for a more sustainable and resilient future.

The accepted and presented papers in this symposium **will be submitted for possible inclusion** to proceedings that are indexed by Scopus/CPCI/DOAJ.
